Dear Olga,
Thank you very much for your kind message and your continued support. We truly appreciate your thoughtful words and the encouragement you always extend to our team.

We are currently working on compiling reports related to the recent emergency donations, and we will make sure to prepare and share a dedicated report for your fundraising contribution as soon as possible, so you can present it to your sponsors and friends. We fully understand how important feedback and transparency are, especially for associations supported by private donors.

Regarding the generous contribution of approximately €15,000, we would like to inform you that we are planning to allocate this amount to provide **cash assistance to cancer patients, and potentially also to patients suffering from thalassemia and those requiring kidney dialysis.** Given the current situation, access to medical services and treatment is extremely limited, making this type of support among the most urgently needed.

We will keep you informed and **will share with you the list of beneficiaries once the process is completed.**

Thank you once again for your trust, solidarity, and commitment. Your support truly makes a meaningful difference in the lives of those we serve.

Warm regards,
Kassem
